Important Equipment:

Eye protection

All shooters and other persons on or in the immediate vicinity of the firing line, including coaches, range officials and any spectators must wear adequate eye protection (glasses or goggles). The equipment must protect both eyes. Eye protection must be kept on until all shooting has ceased and the firing line has been made safe. Eye protection is mandatory for all shooting disciplines with the exception of archery, where eye protection is encouraged.

Ear protection

Adequate ear protection is required for all shooters participating in activities and events with the exception of Archery, BB gun, or air pistol/rifle events where they may be worn at the shooter's option. Hearing protection may consist of either appropriate plugs or headphones or a combination of both.

Happenings Around 4-H

Texas 4-H Congress

Texas 4-H Congress is a four-day mock legislative experience for 4-H members in grades 9th to 12th (at the time of the event). During this time, 4-H members assume the roles of legislators, lobbyists, and press corps to gain a first-hand understanding of how the legislative process works. Bills that are written and sponsored by 4-H members focus on issues concerning Texas and Texas youth. These bills are assigned to the appropriate committee, debated in committee meetings, and then on the floor of the House or Senate. If a bill is successful in negotiation and the legislative debate in all three stages, it is delivered to the Governor of Texas 4-H Congress for his or her signature or veto. Copies of all the bills that are signed into law during Texas 4-H Congress are provided to the Office of the Governor for review. Contact your County Extension Agent for additional information.

The Youth Agricultural Lifetime Leadership opportunity is a 6 day exploration for youth to experience South Texas agricultural production. During the South Texas Y.A.L.L. Experience, youth will get to see many unique agriculture operations. Youth will see shrimp and sugarcane processing plants as well as various cattle operations. While many youth are interested in some aspect of agriculture production for a career, many are unfamiliar with all of the job opportunities that exist in commercial agriculture production. Tour attendees will also be challenged in a variety of ways to improve on their leadership skills as agriculture spokespersons. Participants will see how numerous agricultural related issues are challenged on a daily basis by groups targeting our food supply system. Participants will be provided opportunities to defend agricultural related topics based off of the information they learn from the tour presenters.

Water Emphasis Engineering Scholarship

The American Society of Agricultural and Biological Engineers (ASABE) Texas Section will award the Cleon Namken Memorial Scholarship annually to a graduating high school senior enrolling in college with plans to pursue a degree in engineering with an emphasis in a soil or water related field. A recommendation from an ASABE Texas Section member is beneficial but not mandatory

IT'S PAPER CLOVER TIME!

April 27th-May 8th

Funds support 4-H camp and leadership activities.

Heartland Bees

Native bees are important pollinators that help plants make fruits and seeds, and the American prairie is home to many different kinds of bees. In this series of activities, kids will learn about the

importance of native bees for foods we love to eat, how they do what they do, and how we can help protect them.

Gold Star Information and Requirements *Due on June 1st with RecordBook

Introduction and History of the Gold Star:

The Gold Star Award is the highest achievement award given by the Texas 4-H Youth Development Program through the county 4-H Program. The Texas 4-H Gold Star Award can only be awarded once in a member's 4-H career.

Requirements for the Texas 4-H Gold Star

- The member must have at **least completed their 9th grade school year** at the time of application, and must have completed at least 3 years in 4-H, including the current year.
- The Texas 4-H Gold Star Award can only be awarded once in a member's 4-H career.
- The 4-H member must have completed projects in at least three different project areas, submitted appropriate record forms, and have participated in one or more activities in at least three of the following areas:
 - * Projects and/or Project Exhibits
 - * Participation in Leadership Experiences such as Leadership Labs, Texas 4-H Congress, or National Leadership Events such as National 4-H Congress/Conference, and any county, district, or state leadership group.
 - * Competitive Events (judging, educational presentation, public speaking, food show, quiz bowls, etc).
 - * Citizenship activities
 - * Camps at the county, district, or state level.
 - * 4-H Promotion (speeches, poster displays, radio, TV, newspapers)
 - * Other (includes exchange programs, fund raising)

Note: The requirements for projects and activities do not all have to be completed in the current year. They may have been accomplished over the entire period of time the person has been in the program.
- The member must have exhibited leadership skills by serving as a 4-H officer or committee chair (club, county, district or state), and/or as a junior or teen leader in an activity or project with or under the supervision of an adult volunteer leader.
- The 4-H member must have participated in one or more community service activities. Examples include providing leadership to a One Day 4-H project, working with or counseling junior 4-H members; participating in community service projects (individual, group or club); and motivating other 4-H members through participation in demonstrations, projects and/or exhibits.
- The 4-H member **MUST SUBMIT A TEXAS 4-H RECORDBOOK** in the year they are to be considered.

For applications, contact either Noel Troxclair or Molly Flores.

Happenings Around 4-H

All information for the 2022 Texas 4-H Roundup (June 6-9, 2022) can be found at <https://texas4-h.tamu.edu/events/roundup/>

In 2022, Texas 4-H Roundup will be an event for Senior (9th-12th grades) level youth only. Our goal is to provide the highest quality experience, in both competitions and workshops, for our members and allow Roundup to be something that every 4-H member aspires to achieve. Even though we did not realize it, this shift actually began with the addition of LEAD Academy in 2019. LEAD is focused on college and career awareness and readiness. Through contest opportunities, both qualifying and invitational, we hope that youth have a chance to compare the skills they have gained with those of other members and with their own previous performances. LEAD Academy will continue to focus on opportunities to develop and practice citizenship and leadership skills at a state level while preparing for the next step after high school graduation. During Texas 4-H Roundup, we will honor 4-H members for their success in their projects and activities, and recognize their academic achievements with scholarship awards. As has always been the case, participants will have the opportunity to showcase their 4-H experiences and build their network through recreational and social interaction with their peers.

We are planning to release the Roundup Registration Packet by April 1, 2022 but hopefully we will have it finalized mid-March.
